

## Reconciliation Australia

Technical Australia works within diverse industry sectors supporting many clients working in regional and remote Australia.

We recognise the traditional owners and custodians of the land in which we work and support on a daily basis.

Technical Australia employees acknowledge and respect the culture and contribution that the Aboriginal and Torres Strait Islanders continue to bring to our Australian way of life.

We are committed to working closely with our partners in building and improving relationships within the communities we work, fully invested in helping to support employment and business opportunities for Aboriginal and Torres Strait Islander People.
